ENDICOTT COLLEGE

VAN LOAN SCHOOL OF GRADUATE AND PROFESSIONAL STUDY

Special Education: Master of Education Programs in
Moderate Disabilities PK-8
Moderate Disabilities 5-12
Severe Disabilities (All Levels)

Program Overview

Developing the skills and knowledge to improve educational outcomes for children with disabilities. The M Ed programs in special education-moderate or severe disabilities prepare professionals to work with students with moderate or severe disabilities at all grade levels. Instructors teach using evidence-based and data-driven approaches to individualizing instruction. These programs lead to initial or professional licensure or can be non-License/Degree only.

Programs of Study

Learning Outcomes

Upon completion of this program, students will:

- Demonstrate knowledge of typical child and adolescent development and exceptionalities
- Design high quality and coherent instruction, including authentic and meaningful student assessments
- Analyze student performance and growth data and to use this data to improve instruction and practice
- Teach all students through instructional practices that establish high expectations, a safe and effective classroom environment, and cultural proficiency.
- Promote the learning and growth of all students through effective partnerships with families, caregivers, community members, and organizations.
- Ensure the learning and growth of all students through ethical, culturally proficient, skilled, and collaborative practice

M Ed in Moderate Disabilities PK-8 OR 5-12: Required Curriculum: Initial Licensure

As regulated by the Massachusetts Department of Elementary and Secondary Education, the practicum requires 300 hours with a minimum of 100 hours of full responsibility in the role and grade level of the license sought. Students must have their practicum placement, supervising practitioner, and hours approved by Jenmarc/Endicott staff before enrolling in the practicum course
